# Go To Hell

What is the last thing you remember?

What is the last thing that you ever would  
 regret? / In times of War, when emotions are  
 rampant? / Why can't I concentrate on my  
 abhorrence? / To kill the likes of you with  
 no idea to repent / My rifle used to be my  
 brother and hand / With it in my arms  
 I've proven you up to my prime! / But now I lost  
 the friendship I feel before / What I once  
 loved becomes the thing I / Continue to abhor  
 You were raised in peaceful times / I know  
 countryside / You had no motive to obey a  
 leader's praise / You blossomed out like a  
 rose for Valentine / For me your meadow  
 constitution feels like a holy shrine  
 Accused to violate the law / Life is so  
 bitter-sweet / Go to hell our place to dwell  
 Our hearts are gonna meet the sword / I cannot  
 stand the loss / Go to hell our place to dwell
